## ACID MOTHERS TEMPLE & THE MELTING PARAIISO U.F.O. / ORPHAN GOGGLES: Split: 7"

August 1, 2019 · [Read](#), [Record Reviews](#)

I've heard of Acid Mothers Temple, of course, but never actually listened to them before this 7" arrived at my door. Cool stuff: much more trippy and Krautrock-y/less heavy than I had imagined. Orphan Goggles are out of their minds, playing unhinged heavy psychedelia that wouldn't sound out of place at a lysergic Gibby Haynes BBQ. Solid, fun, and weird stuff all around. —Michael T.
